

MISSION STATEMENT

Carl Koch's belief that he was "just a steward of the finances given by God to use on His behalf" inspired the commitment he and his wife, Paula, made to founding the Koch Foundation in 1979. The Foundation's goals are to strengthen and to propagate the Roman Catholic faith by providing grant support for a wide variety of evangelization efforts. In considering applications, major emphasis is placed on sound but financially needy evangelical programs. The Koch Foundation is international in scope with no geographical preference.

Carl and Paula Koch

Letter From The EXECUTIVE DIRECTOR

I have been blessed in my life to have had several family members who chose to dedicate their lives in service to God, so there has never been a time when I did not visit my relatives and see a cousin dressed all in black with a worn yet beloved Rosary tucked carefully into her simple belt. I can remember as a young child Sister teaching me to say the Rosary and telling me that whenever I attended Mass I was to pray the Rosary. That memory has stayed with me into adulthood and, when I became a mother, the Rosary took on a special and personal meaning. I found I was praying the Rosary more often and usually for something concerning my son and family. I began to realize that I needed the solace I could only find by praying the Rosary. Like many parents, in addition to my work at the Foundation I am also my son's chauffeur, carting him to and from various sports events. My own parents are aging, and as the eldest it is often my responsibility to make sure doctors' appointments are kept, prescriptions are filled, and special diets are not ignored. Amidst all of this, praying the Rosary has helped me to gain a better perspective on life and what is truly important. It has since become my "quiet time," sometimes the only moments of calm that I have each day.

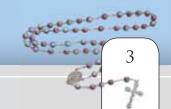

In the Catholic Faith, the Rosary is considered our prayer to Our Mother, to whom we always turn with our problems, concerns, and gratitude. Pope Pius XII said, "There is no surer means of calling down God's blessing upon the family...than the daily recitation of the Rosary." To explain why this was so, an Irish priest once told me the following story:

One day, the Lord was taking inventory of who was in Heaven, and as He was walking along He saw many individuals that should not be in Heaven. He decided He needed to have a talk with St. Peter. He found St. Peter and began to scold him about who he was letting into Heaven. St. Peter nodded his head and agreed, saying, "I know Lord, but every time I say 'No, you are not getting in,' they go around back and your Mother lets them in!"

No matter how trivial my worries might seem, if I ask for the Blessed Mother to intercede on my behalf I can be assured that my prayers have been heard. Praying Her Rosary has never failed to bring me healing and peace, especially when I needed them most. While the prayers are not complicated, the sacred intimacy they offer is immediate and available to all no matter how humble the method. Nevertheless, there is an undeniable sacredness to the Rosary. In stressful situations, whether at work or traveling, praying the Rosary makes me feel like I have entered a holy place, a spiritual union between myself and Mary, where I can offer up my best hopes and worst fears to Our Lady and so grow a little closer to God. As the glorious good of the Kingdom of Heaven springs from the tiniest mustard seed, so too do the simple buds of our Holy Mother's Rosary blossom in the hearts of all seeking divine solace.

In Christ's Name, Carolyn Young

ROSARY, PEACE

SERENITY

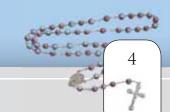

Devotions to the Blessed Virgin Mary have always been an integral part of the Catholic Faith and Identity. While not the oldest, the Rosary is certainly the best and most recognizable evidence of this. The word "Rosary" comes from the Latin "Rosarium," or "garland of roses," so it is fitting the prayers dedicated to Her would be called after Her flower. Each time She has appeared, She has exhorted the faithful to pray the Rosary. In one apparition, She said that with each Hail Mary we are giving Her a rose and with each completed Rosary we are making Her a crown of roses.

The history of the Rosary is itself a testament to both Medieval Catholics' love for the Blessed Mother and the dedication of the religious men and women of the time. The Na tri coicat format (created by 7th Century Irish monks who divided the 150 Psalms of David into three groups of fifty to represent the states of penance, justice and glory in which the faithful find themselves) was combined with the 150 psalms written in praise of Mary, also called Rosariums, by the 13th Century Saint Bonaventure. These Rosaries came to be known as Our Lady's Psalter, and it was not long before the Rosariums were replaced by the popular custom of reciting Hail Marys. This practice was not, however, necessarily widespread outside of a cloister, until Saint Dominic de Guzmán, founder of the Dominican Order, brought the Rosary to the people.

Seeing the sinfulness of those around him and unable to overcome their unrepentant attitude, he followed the example of Our Lord and retreated into a forest to pray for guidance. After three days of intense reflection and penitent prayer, he was visited by Our Lady and three angels. She described the Rosary in Her hand as the "weapon the Blessed Trinity wants to use to reform the world," and counseled St. Dominic to "preach [my] Psalter" in order to reach those souls who had previously been hardened to his message of evangelization. With Her words still fresh in his mind, St. Dominic went forth and did exactly that, using the Rosary as a "battering ram" to combat sin and gain grace from God just as She had instructed.

Few Catholics today would describe the Rosary in such martial terms, though it remains a powerful instrument of evangelization. Like many ancient traditions however, the 20th Century saw a wane in the Rosary's popularity as many considered it a dusty relic of an era long past. Times certainly do change but the need to find solace in prayer does not, and so Blessed Pope John Paul II called for the Year of the

Rosary in 2003. He considered the Rosary to be such an important devotion that He asked the faithful to pray the Rosary both at home and in church more often. His call did not go unanswered. All over the world, there are countless parishes that boast of prayer groups that meet weekly if not daily to pray the Rosary and reflect upon the mysteries of our Faith.

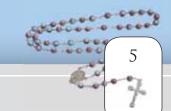

All Christians are invited to participate in this sacred and beautiful devotion. Sister Lucia, one of the seers of Fatima, explained it thusly, "Our Lady wanted to give ordinary people, who might not know how to pray, this simple method of getting closer to God." The Rosary is a meditation on Scripture and on the different points of Christ's life, and so can illuminate any mind shadowed by fear, confusion or doubt. The prayers are fairly easy to remember and can be said anywhere, even without Rosary Beads, and so can bring peace to all who seek it.

We pray to the Blessed Virgin for Her intercession with Christ, for as witnessed at the wedding at Cana, He cannot deny a request from His Mother. It is when She adds Her intentions to ours and offers them to Him that we have the greatest chance to bring about change, both in our world and in our hearts.

Benedictine Sisters of Perpetual Adoration - Warsaw, Poland

DIRECT EVANGELIZATION

"Our Lady wanted to give ordinary people, who might not know how to pray, this simple method of getting closer to God"

(Sister Lucia, one of the seers of Fatima)

The Rosary is one of the most frequent prayers said worldwide. The Hail Mary is a simple prayer which centers on the great mysteries of the life of Christ and Mary and offers hope when life can seem challenging. Teaching the Rosary is a wonderful way to share the beliefs of the Catholic faith and to evangelize in local communities.

The Koch Foundation funds Direct Evangelization programs and religious activities that directly support, strengthen, and spread the Catholic faith.

PREPARATION OF EVANGELISTS

"The Rosary is a magnificent and universal prayer for the needs of the Church, the nations and the entire world" (Pope John XXIII)

Through many of the apparitions of the Blessed Mother, one of the messages she has consistently requested is that we pray the Rosary for more vocations to the Catholic Church as we pray the Rosary. Many who hear Her call may become catechists, youth ministers, deacons, or leaders in their parishes. Others who heed Her calling seek to join the ranks of the consecrated men and women religious who for so many centuries have been the backbone of the Church's missionary work.

The Koch Foundation funds Preparation of Evangelists formation programs and religious activities that prepare individuals and groups to proclaim the Good News of salvation through the Catholic faith.

Montfort Missionaries U.S. Province - Juigalpa, Nicaragua

Missionary Sisters of the Holy Family - Pinsk, Belarus

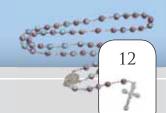

Sisters of the Order of Augustinian Recollects - San Luis Potosi, Mexico

MASS MEDIA

"We do not hesitate to affirm again publicly that we put great confidence in the Holy Rosary for the healing of evils of our times"

(Pope Pius XII)

Prayer is our way of communication with God. Current technology can be used to pray the Rosary through various media. As we pray the Rosary, we develop our relationship with God and bring not only our wants but our needs to Him and His mother. Through Her intersession we can ask anything and She will intercede for us. Various media outlets can be used as vehicles to help us join with others in prayer.

The Koch Foundation supports Mass Media efforts which carry the Word of God to all parts of the world in various forms.

CATHOLIC SCHOOLS

"Lovely Lady dressed in blue-Teach me how to pray! God was just your little boy, And you know the way." (Mary Dixon Thayer)

It is well known that the Blessed Mother often appears to children and asks them to carry her messages to the world. She continues to watch over all of Her children and often families look to Catholic Schools to ensure that their children learn about the Catholic faith. In these challenging economic times, many Catholic Schools are struggling but persevering by providing a quality education, both in faith and learning, to all children.

The Koch Foundation supports funding for schools in poor areas where Catholic Schools are the primary means of evangelization. The Foundation also funds innovative programs that have the potential for providing future Church leaders.

CAPITAL EXPENDITURES

The Blessed Virgin in Beauraing said, "I would like a church built here so that people can come here on pilgrimage."

1932

The Blessed Virgin has often requested in Her apparitions for us to not only pray the Rosary but also for churches to be built. The growth of the church is important and In some areas the Faith has grown so rapidly that dioceses are unable to keep up with the need of for additional churches. Convents and abbeys, friaries and seminaries, must also expand and renovate in order to accommodate new aspirants to their orders.

The Koch Foundation provides support for Capital Expenditures which include the construction or repair of church buildings, convents, monasteries, and religious formation centers worldwide.

KOCH FOUNDATION, INC. FINANCIAL STATEMENTS

MARCH 31, 2011 AND 2010

INDEPENDENT AUDITORS' REPORT

To the Board of Directors, Koch Foundation, Inc.:

We have audited the accompanying statements of assets, liabilities and net assets – modified cash basis of Koch Foundation, Inc. (the Foundation), as of March 31, 2011 and 2010, and the related statements of receipts and disbursements and changes in net assets – modified cash basis and cash flows – modified cash basis for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, these financial statements were prepared on the modified cash receipts and disbursements basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of Koch Foundation, Inc. as of March 31, 2011 and 2010, and its receipts and disbursements and changes in net assets and cash flows for the years then ended, on the modified cash receipts and disbursements basis of accounting described in Note 2.

James Mare + Cu. , P.L.

Gainesville, Florida August 8, 2011

KOCH FOUNDATION, INC. STATEMENTS OF CASH FLOWS - MODIFIED CASH BASIS FOR THE YEARS ENDED MARCH 31, 2011 AND 2010

| | 2011 | 2010 |
|---|--------------|---------------|
| Cash flows from operating activities Excess of receipts over disbursements after gain on sale of investments and unrealized appreciation of investments Adjustments to reconcile excess of receipts over disbursements after gain on sale of investments and unrealized appreciation of investments to net cash used in operating activities: | \$ 690,389 | \$ 29,243,245 |
| Depreciation | 23,920 | 36.071 |
| Increase (decrease) in accounts payable and accrued expenses | (404) | 4,447 |
| Gain on sale of investments | (1,905,231) | (387,358) |
| Unrealized appreciation of investments | (7,385,929) | (35,900,172) |
| Proceeds from sale of investments | 18,633,937 | 20,421,031 |
| Purchases of investments | (12,094,225) | (17,724,432) |
| Net cash used in operating activities | (2,037,543) | (4,307,168) |
| Cash flows from investing activities | | |
| Purchase of property and equipment | (2,310) | (3,446) |
| Net decrease in cash and cash equivalents | (2,039,853) | (4,310,614) |
| Cash and cash equivalents, beginning of year | 4,662,023 | 8,972,637 |
| Cash and cash equivalents, end of year | \$ 2,622,170 | \$ 4,662,023 |

The accompanying notes to the financial statements are an integral part of these statements.

(1) **Business Organization:**

The Koch Foundation, Inc. (the Foundation), a Florida not-for-profit corporation, was established in February 1979 as a private Florida foundation through a grant from Carl and Paula Koch. The primary purpose of the Foundation is to invest funds for the generation of investment income, which is to be used to provide grants for Roman Catholic activities that propagate the faith. Carl and Paula Koch were the principal donors of the Foundation. The distribution of these donations is subject to the Board of Directors' (the Board) approval. All funds of the Foundation are unrestricted as they are used for the primary purpose of the Foundation.

(2) **Summary of Significant Accounting Principles:**

(a) **Basis of presentation**—The Foundation prepares its financial statements on the modified cash receipts and disbursements basis of accounting. All transactions are recognized as cash is received or paid. Therefore, revenue and expenses are recognized as cash is received or paid, and the related receivables, payables and accrued expenses are not reflected in the accompanying financial statements, with the exception of the following:

Unrealized gains or losses on investments, which are recognized based on fair market value.

Accrued interest receivable is recorded for interest due but not paid as of year-end for investments in debt securities.

An accrued vacation liability has been accrued for the amount of each employee's unpaid (unused) vacation balance.

Expenditures having an economic life of more than one year are capitalized as assets and depreciated over their estimated useful lives.

- (b) **Cash and cash equivalents**—For the purposes of reporting cash flows, the Foundation considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.
- (c) **Investments**—Investments in equity securities with readily determinable fair values and all investments in private equity and debt securities are reflected in the accounts of the Foundation at fair value. The fair value option was chosen to measure all financial assets and liabilities in order to mitigate volatility in reported changes in net assets. For information on how the Foundation determines fair value, see Note 10.

Unrealized appreciation and depreciation is based on the market value of investments as of March 31 and recognized currently in the statements of receipts and disbursements and changes in net assets - modified cash basis.

(d) **Derivatives**—In the normal course of business, the Foundation uses derivative financial instruments in an effort to manage exposure on long-term investments. Specifically, to manage price and interest rate risk associated with investing activities, the Foundation uses forward contracts. Under these contracts, the Foundation agrees to the future delivery of a security, on an

(2) <u>Summary of Significant Accounting Principles</u>: (Continued)

agreed-upon date, and at an agreed-upon price. These contracts are entered into with the intention to minimize the Foundation's economic exposure to adverse fluctuations in financial markets and to reduce interest rate risk. The Foundation's forward contracts (stock options sold) are presented at fair value and are based on quotes from brokers. The notional and fair values of the forward contracts as of March 31, 2011 and 2010 are as follows:

| | 2011 | | 2010 | |
|-----------------------------------|---------------|----------------|---------------|--------------|
| | Notional | | Notional | |
| | Value | Fair Value | Value | Fair Value |
| Forward contracts (stock options) | \$ 45,526,300 | \$ (2,093,666) | \$ 47,872,150 | \$ (802,286) |

The effect of derivative instruments not designated as hedging instruments on the statement of activities as of March 31, 2011 and 2010 consist of the following:

| | | | 2011 | | 2010 |
|-----------------------------------|---|----------|---|--------|--|
| | Location of gain or (loss) recognized in change in net assets | (loss) r | nt of gain or recognized in e in net assets | (loss) | ount of gain or recognized in ge in net assets |
| Forward contracts (stock options) | Gain (loss) on sale of investments | \$ | 130,748 | \$ | (2,469,446) |
| Forward contracts (stock options) | Unrealized depreciation of investments | | (464,235) | | (40,522) |
| Total | | \$ | (333,487) | \$ | (2,509,968) |

- (e) **Use of estimates**—The preparation of financial statements in conformity with the modified cash receipts and disbursements basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, net assets, receipts and disbursements during the reporting period and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.
- (f) **Depreciation**—Property and equipment is stated at cost. The Foundation computes depreciation using the straight-line method over the following estimated useful lives:

| | <u>Years</u> |
|----------------------------------|--------------|
| Office building and improvements | 40 |
| Furniture and fixtures | 5 |
| Computer equipment | 3 |

(2) **Summary of Significant Accounting Principles:** (Continued)

(g) **Tax status**—The Internal Revenue Service has determined that the Foundation is exempt from federal income tax under Section 501(c)(3) of the Code. The Code imposes an excise tax of 2% (reduced to 1% if certain requirements are met) on net investment income of private foundations.

The Foundation files income tax returns in the U.S. federal jurisdiction. With few exceptions, the Foundation is no longer subject to U.S. federal, state or local income tax examinations by tax authorities for years before 2007.

The Foundation has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the Foundation.

(h) **Subsequent events**—The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through August 8, 2011 the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(3) Concentration of Credit Risk:

At March 31, 2011 and 2010, the Foundation has demand deposits and money market accounts with local and national banks amounting to \$2,986,117 and \$4,949,970, respectively. The Foundation has no policy requiring collateral to support these deposits, although amounts are federally insured up to FDIC limits.

(4) **Property and Equipment:**

The following is a summary of the components of property and equipment as of March 31:

| 2011 | 2010 | | |
|---------------|---|---|--|
| \$ 349,800 | \$ | 348,966 | |
| 142,686 | | 142,686 | |
| 86,051 | | 86,503 | |
| 578,537 | | 578,155 | |
| (284,003) | | (262,011) | |
| \$ 294,534 | \$ | 316,144 | |
| _ | \$ 349,800 142,686 86,051 578,537 (284,003) | 142,686 86,051 578,537 (284,003) | |

Depreciation expense was \$23,920 and \$36,071 for the years ended March 31, 2011 and 2010, respectively.

(5) **Federal Excise Tax:**

In accordance with the applicable provisions of the Tax Reform Act of 1969 (the Act), the Foundation is subject to an excise tax on net investment income, including realized gains, as defined in the Act.

In addition, the Act requires that certain minimum distributions be made in accordance with a specified formula. As of March 31, 2011 and 2010, the Foundation had distributions in excess of the required minimum for the current year.

(6) Related Parties:

Directors and officers have made significant contributions of their time and services to assist the Foundation in its investment activities. The estimated fair market value of these contributions was approximately \$335,000 and \$294,000 during the years ended March 31, 2011 and 2010, respectively. As the Foundation records its financial statements on the modified cash basis, these contributions have not been recognized in the financial statements.

(7) **Employment Contracts:**

As required by a terminated employment contract, a former officer began receiving retirement benefits from the Foundation of approximately \$8,000 per year during January 1995. The benefit payments continue throughout the life of the officer and the officer's spouse. Payments of approximately \$8,945 and \$8,250 were made during the years ended March 31, 2011 and 2010, respectively, and are included in management and general disbursements.

The Foundation has an employment contract with an Executive Director, which automatically renews from year to year for successive one year terms unless terminated by either party. The contract can be prematurely terminated if the employee voluntary terminates the contract (must give 60 days notice) or the employee is involuntarily terminated with cause. The contract provides, among other things, a stipulated salary and annual retirement benefits.

(8) **Employee Benefit Plan:**

The Foundation sponsors a Simplified Employee Pension Plan (the SEP Plan) and a \$403(b) Tax Deferred Annuity Plan (the \$403(b) Plan) to provide for retirement benefits for the employees of the Foundation. Under the SEP Plan, each eligible employee maintains an individual retirement account into which the Foundation makes contributions. The Foundation has committed to contribute eight percent of all participating employees' annual compensation to the SEP Plan each year. The \$403(b) Plan provides for participating employees to voluntarily deduct tax-deferred amounts from their gross wages to purchase tax-deferred annuities. The Foundation has no obligations related to the \$403(b) Plan. Benefits in both plans are fully vested immediately upon contribution. Contributions of \$17,370 and \$16,529 were made during the years ended March 31, 2011 and 2010, respectively, and are included in management and general disbursements.

(9) Risks and Uncertainties:

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment account balances and the amounts reported in the statements of assets, liabilities, and net assets – modified cash basis.

(10) Fair Value Measurements:

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access as of the measurement date.

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs are those that reflect the Foundation's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available. These types of amounts due from externally managed private equity investments are determined based on information provided by the private equity firm.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at March 31, 2011 and 2010.

Exchange-traded funds, common stock, and stock options – Valued at quoted market prices.

Mutual funds – Valued at the net asset value of shares held by the Foundation at year-end.

Private equity investments – Valued at the net asset value of the units held by the Foundation at year end, as reported by the investment manager.

(10) Fair Value Measurements: (Continued)

Following is a description of the significant investment strategies of each major category of investments that calculate net asset value per share and are not in an active market (Level 2 and Level 3 measurements):

Foreign bond mutual fund – The investment seeks maximum real return by investing mainly in fixed income instruments that are economically tied to foreign countries, which may be represented by forwards or derivatives such as options, future contracts or swap agreements. It may invest in derivative instruments, such as options, futures contracts or swap agreements, or in mortgage- or asset-backed securities. The fund normally limits its foreign currency exposure to 20% of total assets. It is non-diversified.

Private equity investments – To provide long-term capital appreciation and current income through investments in limited partnerships, which invest in diversified portfolios ranging from short-term to long-term instruments, as described below.

Level 3 assets were 2.70% and 1.98% of total investment assets at fair value at March 31, 2011 and 2010, respectively. The following table presents changes in the Foundation's Level 3 investment assets measured at fair value on a recurring basis for the years ended March 31, 2011 and 2010:

| | Equity Investments | | |
|--|--------------------|--|--|
| Balance, March 31, 2009 | \$ 2,174,018 | | |
| Realized losses Unrealized gains relating to instruments still held at | (888,074) | | |
| the reporting date | 717,284 | | |
| Purchases, sales, issuances and settlements (net) | 199,425 | | |
| Balance, March 31, 2010 | 2,202,653 | | |
| Realized gains Unrealized gains relating to instruments still held at | 31,916 | | |
| the reporting date | 558,378 | | |
| Purchases, sales, issuances and settlements (net) | 239,116 | | |
| Balance, March 31, 2011 | \$ 3,032,063 | | |

The realized gains and losses and unrealized gains relating to instruments still held at the reporting date in the schedule above are reported in the statement of cash receipts and disbursements and changes in net assets-modified cash basis under the line items gain on sale of investments and unrealized appreciation of investments.

(10) Fair Value Measurements: (Continued)

The following table discloses certain additional information as of March 31, 2011 related to the Foundation's investments in private equity investments:

| Description | Fair Value | | Unfunded Commitments | |
|---|------------|-----------|-------------------------|---------|
| Commonfund Capital Private Equity Partners VI, LP ^(a) | \$ | 1,170,584 | \$ | 333,675 |
| Commonfund Capital International Partners V, LP ^(b) Commonfund Capital Venture Partners VII, LP ^(c) | | 1,431,481 | | 219,656 |
| Commonant Capital Venture Larthers VII, LI | | 429,998 | | 116,000 |
| Total | \$ | 3,032,063 | \$ | 669,331 |

- (a)—This category includes private equity funds that offer the investor the opportunity to invest in private equity transactions, such as growth equity financing, leverages buyouts, acquisitions and/or industry consolidations, recapitalizations and restructurings. Traditionally, private equity investments seek to earn returns substantially above those on publicly traded stocks over a long term (7 to 10 years) investment horizon and to further diversify the equity component of an investment portfolio. This fund is invested 85% in the United States. Redemptions do not apply; these are closed ended limited partnership investments.
- (b)—This category includes private equity funds that seek to generate higher returns over the long term than those generally available on the foreign listed securities exchanges through investments in a diversified portfolio of international private capital funds and to further diversify the equity component of a nonprofit institution's investment portfolio. This fund is invested 56% in Europe. Redemptions do not apply; these are closed ended limited partnership investments.
- This category includes private equity funds that aim to give investors the opportunity to earn long term capital appreciation by investing in early stage, high growth private companies, principally in the information technology and life sciences/healthcare fields. Traditionally, venture capital investments seek to earn returns above those in publicly traded stocks over a long-term investment horizon, and to further diversify the equity component of an investments portfolio. This fund is invested 77% in the United States. Redemptions do not apply; these are closed ended limited partnership investments.
